Childcare professionals play a vital role helping prepare children for a bright future. We think that all childcare professionals deserve a bright future, too.

PACEY is the Professional Association for Childcare and Early Years.

Formed in 1977, we're a charity dedicated to supporting everyone working in childcare and early years to provide high quality care and early learning for children and families.

Providing training, practical help and expert advice to childcare and early years practitioners working throughout England and Wales, we also represent the views and experiences of practitioners and champion their vital role in helping prepare children for a bright future.

Our membership options for childminders, nannies, nursery workers and early years students offer essential support at affordable prices.
